Dear Sylvia,

I am writing to thank you and your dancers for providing a lovely and lively performance at the Inter-cultural day for our clients on the 5<sup>th</sup> of August, 2014 at the Ron William Activity Centre.

We all very much enjoyed the performances; the Fan dance, the Animal dance and the audience participation game were creative, interactive and interesting. Some clients have made particular mention that the dances were a highlight of their day.

I would like to express our appreciation for the wonderful time. Thank you for your contribution which made the event a greater one for all of us to enjoy.

Your participation in this community event is very much appreciated.

Sincerely,
